

G add9 (Gadd9)

Notes: G - B - D - A Formula: 1-3-5-9

Two root-bass spacing examples. They are not a complete inversion catalogue.

Added note higher (9th layout) - Gadd9

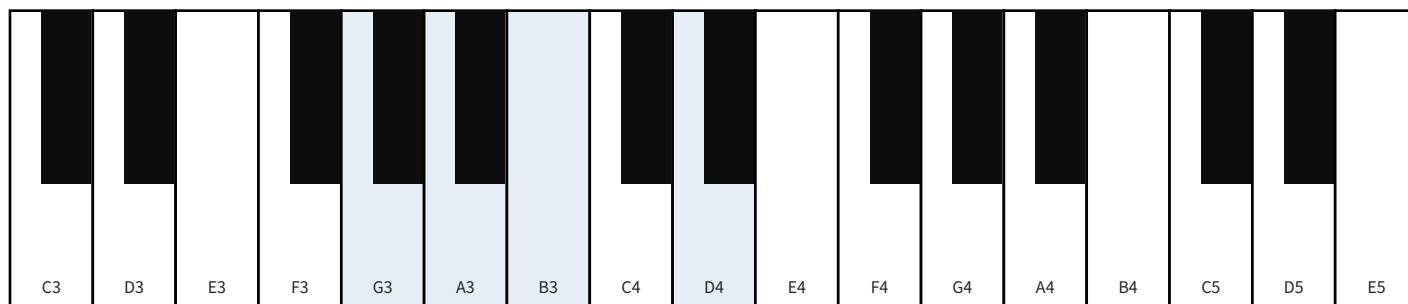

Bass: G3

Selected pitches: G3 - B3 - D4 - A4

Added note lower (2nd layout) - Gadd2

Bass: G3

Selected pitches: G3 - A3 - B3 - D4

The higher example places the added member 14 semitones above the root; the inside example places it 2 semitones above.

Both examples keep the third and omit the seventh. Octave numbers identify register, not fingers.

Keyboard window: C3-E5. Written spelling is preserved. No fingering is assigned.

Theory and notation references: see Sources on the matching PianoGrid chord page.

Original keyboard diagrams show the written notes, MIDI pitches and formulas above.
