

C Major & A Minor

One-Octave Piano Reference · hands shown separately

This reference contains C major plus natural, harmonic and classical melodic A minor. It is not an all-scales book, a two-octave fingering guide or a two-hand synchronization exercise.

- Read the form and direction before using a note row.
- Finger numbers appear only where the exact hand, direction and one-octave scope has a source.
- Notes-only rows keep their staff, keyboard and note sequence without borrowing finger numbers.
